Part I - Management Regulation

Chapter I - General Information about the FUND, the Management Company, and Other Entities

1. The FUND

- a) The FUND is called 'IMGA Rendimento Mais – Fundo de Investimento Mobiliário Aberto', hereinafter and in an abbreviated manner, as FUND.
- b) The FUND is established as an open-ended, non-harmonised Securities Investment Fund, with an indefinite duration, aimed at investing in securities and financial instruments, predominantly medium- and long-term ones, with different levels of risk depending on the debt instruments that are used.
- c) It does not follow any index nor is it limited to a specific geographical area.
- d) The creation of the FUND was authorised by the Portuguese Securities Market Commission, hereinafter referred to as CMVM, on July 11th 2005, and began operating on July 19th 2005, for an indefinite period.
- e) On April 28th 2014 the FUND changed its name from 'Millennium Premium – Fundo de Investimento Aberto de Obrigações' to 'Millennium High Yield Bond Selection – Fundo de Investimento Mobiliário Aberto'.
- f) On November 16th 2015, the FUND changed its name from 'Millennium High Yield Bond Selection – Fundo de Investimento Mobiliário Aberto' to 'IMGA High Yield Bond Selection – Fundo de Investimento Mobiliário Aberto'.
- g) On January 11th 2018, the FUND changes its name from 'IMGA High Yield Bond Selection – Fundo de Investimento Mobiliário Aberto' to 'IMGA Rendimento Mais – Fundo de Investimento Mobiliário Aberto'.
- h) The Prospectus was last updated on February 16th 2024.
- i) On December 31st 2023, the number of unit-holders in the FUND was 3.942.

2. The Management Company

- a) The FUND is managed by IM Gestão de Ativos, Sociedade Gestora de Organismos de Investimento Coletivo, S.A., headquartered at Avenida da República, n.º 25 – 5.ªA, Lisbon, registered at the Commercial Registry Office of Cascais under the single registration and taxpayer no. 502151889.
- b) The management company is a Limited Company whose share capital, fully paid up, is 1,000,000 Euros.
- c) The management company was established on April 14th 1989; it began operating on June 1st 1989 and is registered at the CMVM as a financial intermediary since July 1991.
- d) Among other obligations and duties that may be conferred upon it by law, it is the management company is responsible for:
 - Managing the investment, performing the necessary acts and operations for a successful implementation of the investment policy, in particular:
 - i. Managing its portfolio, including their selection, acquisition, and disposal of assets, in accordance with the procedures necessary for their proper and regular transmission and the exercise of their rights in connection with them; and
 - ii. Managing the risk associated with the investment, including its identification, assessment, and monitoring.
 - Managing the FUND, in particular:
 - i. Providing the necessary legal and accounting services for the FUND's management, without prejudice to any specific legislation applicable to these activities;
 - ii. Clarifying and analysing questions and complaints submitted by unit-holders;
 - iii. Assessing the portfolio and determining the value of the units and issuing tax returns;
 - iv. Complying and ensuring compliance with the applicable rules, the FUND's instruments of incorporation, and any contracts concluded in the course of its business;
 - v. Register unit-holders;
 - vi. Issuing, redeeming or repurchasing units;

- vii. Carrying out settlement and clearing procedures, including sending certificates;
- viii. Recording and keep documents.
- e) The management company is accountable to the unit-holder for non-compliance or defective compliance with the applicable legal and regulatory duties and obligations arising from the instruments of incorporation of undertakings for collective investment.
- f) The replacement of the management company is subject to authorisation by the CMVM, provided that the interests of the unit-holders and the regular functioning of the market are not affected.

3. Subcontracted entities

The FUND does not resort to subcontracted entities.

4. The Depositary

- a) The Depositary of the FUND's assets is Banco Comercial Português, S.A., headquartered at Praça D. João I, Porto, registered, since July 1991, as a financial intermediary with CMVM.
- b) Among other obligations and functions that may be conferred upon it by law or this Prospectus, the Depositary is responsible for:
 - i. Complying with the law, regulations, the FUND's instruments of incorporation, and any contracts concluded with the management company within the scope of the FUND, namely regarding the acquisition, disposal, subscription, redemption, repayment or extinction of units in the undertaking for collective investment.
 - ii. Keeping the FUND's assets, except for cash;
 - iii. Receiving as deposit or registering the FUND's assets;
 - iv. Carrying out the instructions of the management company, unless they are contrary to the applicable legislation, regulations, and instruments of incorporation;
 - v. Making sure that, in transactions relating to the assets that make up the FUND, the consideration is delivered within deadlines in accordance with market practice;
 - vi. Promote the payment to Unit holders of any amounts related to redemption, repayment or liquidation proceeds;
 - vii. Preparing and updating the chronological list of all the transactions carried out for the FUND;
 - viii. Preparing a detailed monthly inventory of the FUND's assets and liabilities;
 - ix. Supervising and assuring before the Unit holders that the law, regulations, and the UCI's instruments of incorporation are complied with, namely with regard to the investment policy, including the investment of income, the FUND's income distribution policy, the calculation of the value, the issue, redemption, repayment, and cancellation of registration of units, as well as to conflicts of interest;
 - x. Sending an annual supervision report to the CMVM, pursuant to CMVM's regulations and immediately informing the CMVM of any non-compliance that may affect the unit-holder;
 - xi. Immediately informing the management company of any changes in the members of the governing board;
 - xii. It shall also ensure an adequate monitoring of the FUND's cash flows, as determined by law.
- c) The replacement of the Depositary is subject to authorisation by the CMVM. The aforementioned Depositary's functions shall only cease once the new Depositary's functions begin, and the former entity must immediately inform the CMVM of such a change.
- d) Banco Comercial Português, S.A. is the entity responsible for registering the FUND's units.

5. Distributors

- a) The entities responsible for distributing the FUND's units among investors are:
 - i. Banco Comercial Português, S.A., headquartered at Praça D. João I, n.º 28, Porto, and
 - ii. Banco BIC Português, S.A., headquartered at Av. António Augusto Aguiar, 132 Lisboa.
- b) The FUND is distributed at the following locations and means:
 - i. Millenniumbcp branches, as well as Banco BIC Português, S.A. branches, corporate offices, and private banking (including investment centres);

- ii. Via the website www.millenniumbcp.pt, and the telephone banking service Millenniumbcp (+351 707 502 424, +351 918 272 424, +351 935 222 424, +351 965 992 424), for customers who have subscribed to these services.

Chapter II - Investment policy of the FUND's Assets/Income Policy

1. Investment policy of the FUND

1.1. Investment Policy

- a) The FUND will seek to provide unit-holders with the best conditions of profitability and liquidity, according to the management company's criteria and perspectives, managing the corresponding credit risk with the aim of providing unit-holders with an average return that incorporates a premium in relation to the remuneration provided by the money markets.
- b) The FUND will invest the majority of its assets, directly or indirectly, in floating or fixed rate bonds, guaranteed by credits, senior bonds, subordinated bonds, with no maturity limit, or other debt instruments of an equivalent nature, namely commercial paper.
- c) The FUND does not invest in common shares or in convertible transferable securities.
- d) For liquidity management purposes, the FUND may also be made up of cash, bank deposits, investments in money markets and deposit certificates, to the extent appropriate to cope with the normal turnover of redemption of units and the efficient management of the FUND, taking into account its investment policy.
- e) The FUND may, within legal limits, use derivative financial techniques and instruments, either for risk hedging purposes or for the pursuit of other objectives regarding the appropriate management of the FUND's assets.
- f) The FUND may not invest more than 10% of its net asset value in participations units of collective investment undertakings under the terms of Annex V, no. 9, subparagraph e) of Decree-Law 27/2023 of April 28th. The investment objectives and policies of those collective investment undertakings must be in accordance with those of the FUND.
- g) The FUND may invest its capital in instruments denominated in currencies other than the Euro, up to a maximum of 20% of its net asset value, and may exceed this limit, provided that it simultaneously hedges the foreign exchange risk associated with the excess by means of an appropriate instrument, pursuant to the terms of this Prospectus.
- h) The management company may take out loans on behalf of the FUND, with a maximum duration of 120 days, consecutive or otherwise, over a period of one year up to a limit of 10% of the net asset value of the FUND, without prejudice to the use of managing techniques concerning loan and repo transactions.
- i) The investment strategy follows an active management approach, not considering any benchmark parameters. Assets are selected essentially on the basis of their return potential in relation to the quality of the issuers and the macroeconomic context in which they operate, refraining from investing in controversial sectors and favoring companies that adopt best practices in terms of Governance, Human Rights, and Environment within the universe of issuers. The Fund does not follow a fixed sectoral or geographical allocation, seeking the exposure combination that at any given moment appears most appealing based on relevant issuer information within its investment universe and market conditions.
- j) The Management Company considers the following sectors as controversial: Gambling, Controversial Weapons, Tobacco, and Thermal Coal, or companies that have most of their revenue coming from these activities.

1.2. Markets

The FUND invests in the regulated markets and corresponding trading platforms of EU Member States or of other OECD Member States qualified as eligible by the CMVM and listed in the CMVM's

Information Disclosure System. It may also invest in non-regulated markets, with recognised and currently used settlement systems (such as Cedel and EuroClear).

1.3. Benchmark

The FUND is not benchmarked to any money or capital market index.

1.4. Transaction execution and order transmission policy

- a) When executing transactions on financial instruments on behalf of the FUND, the management company shall seek to obtain the best possible execution, adopting all reasonable measures to gauge it considering the price of the financial instrument, the associated transaction costs, the terms, and the probability of execution and settlement or any other relevant factor.
- b) To determine the relative importance or ranking of the relevant factors, the management company shall take into account the following criteria: the objectives and characteristics of the transaction, the FUND's investment policy and risk level, the characteristics of the financial instruments involved in the transaction and the characteristics of the venues where the transactions will be carried out.
- c) When transmitting orders to the financial intermediary, the management company considers the factors and criteria outlined above, as well as the nature of the financial instrument in question, with the purpose of obtaining the best possible execution for the FUND.
- d) The transaction execution and order transmission policy will be available to unit-holders upon request.

1.5. Investment and borrowing limits

- a) The FUND may not invest more than:
 - i. 10% of its net asset value in transferable securities and money market instruments issued by the same entity, without prejudice to the provisions of the following subparagraphs;
 - ii. 20% of its net asset value in deposits placed by the same entity.
- b) As a whole, the transferable securities and money market instruments that, by issuer, represent more than 5% of the net asset value of the FUND cannot exceed 40% of this value.
- c) The limit referred to in the above subparagraph is not applicable to deposits and transactions in derivative financial instruments carried out outside a regulated market or a multilateral trading facility when the counterparty is an institution subject to prudential supervision.
- d) The limit referred to in a) (i) is raised to 35% in the case of transferable securities and money market instruments issued or guaranteed by a Member State of the EU, its local or regional authorities, a third State or public international institutions in which one or more EU Member States are represented.
- e) The limits referred to in (a) and (b) are raised, respectively, to 25% and 80%, in the case of bonds guaranteed by assets that, throughout their period of validity, may cover related rights related to them and that, in the event of the issuer's bankruptcy, are used primarily to repay the principal and pay the accrued interest, namely covered bonds issued by a credit institution based in a Member State.
- f) Without prejudice to the provisions of d) and e), the FUND cannot accumulate a value greater than 20% of its net asset value in transferable securities, money market instruments, deposits, and exposure to derivative financial instruments traded outside a regulated market or a multilateral trading facility with the same entity.
- g) The transferable securities and money market instruments referred to in d) and e) are not considered for the application of the 40% limit established in b).
- h) The limits provided for in the above subparagraphs cannot be accumulated and, therefore, investments in transferable securities or money market instruments issued by the same entity, or in deposits or derivative instruments placed with the same entity under the terms of subparagraphs a) to f), may not exceed, in total, 35% of the FUND's assets.
- i) The FUND may invest up to 10% of its net asset value in transferable securities and money market instruments different from those referred to in paragraphs 1 to 3 and 9 to 11 of section 1 of Annex V to the Asset Management Legal Framework.
- j) The FUND may not invest more than 20% of its net asset value in transferable securities and money market instruments issued by entities in a group relationship.

- k) The FUND cannot include more than 25% of units of a same undertaking for collective investment in transferable securities or undertaking for alternative collective investment in transferable securities.
- l) The FUND may not acquire more than 10% of debt securities of a same issuer.
- m) The FUND may not invest more than 10% in money market instruments of a same issuer.

1.6. Special characteristics of the FUND/Risks

- a) This is a FUND aimed at investing mostly in bonds, and therefore it does not offer a fixed or guaranteed remuneration. Therefore the so investor is exposed to the various risks mentioned below, which may include a risk of capital loss, i.e., they may not recover their full investment.
 - i. **Credit Risk:** The FUND is exposed to credit risk arising from the sensitivity of asset prices to fluctuations in the probability of the issuer of a security being unable to meet its interest and principal payment obligations in due time;
 - ii. **Interest Rate Risk:** The FUND is exposed to interest rate risk resulting from changes in the price of fixed rate bonds due to fluctuations in market interest rates;
 - iii. **Exchange Rate Risk:** The FUND may invest in financial instruments denominated in currencies other than the Euro. As a result, it is exposed to the risk associated with the loss of value of such investments due to depreciation of the currency in which the financial instrument is denominated, compared with the Euro;
 - iv. **Liquidity Risk:** The FUND may have difficulties increasing in value or meeting high-volume redemption requests if some of its investments become illiquid or do not permit their sale at fair prices;
 - v. **Counterparty Risk:** The FUND is exposed to Counterparty Risk arising from the possibility of the counterparty in a transaction becoming unable to meet its commitments to deliver the financial instrument or monetary values on the settlement date, forcing the transaction to be concluded at a price different from that agreed;
 - vi. **Operational Risk:** The FUND is exposed to the risk of losses resulting, in particular, from human error or system failures or incorrect valuation of the underlying securities;
 - vii. **Impact of management techniques and instruments:** The FUND provides for the use of derivative financial instruments, and this may lead to an increase in gains or losses arising from the investment leverage effect.
 - viii. **Sustainability Risks:** The Fund may be exposed to sustainability risks, being said risks defined as a happening or condition of an environmental, social or governance nature, and if it takes place it may set off an effective or potential negative impact on the value of the investment.
- b) The FUND does not invest directly or indirectly in common shares.

1.7. Sustainability information

In recent years the Management Entity has sought to guide its actions with principles of high social, environmental and economic responsibility, favouring practices that promote the rationalization of resources and sustainable development, in its daily activity and in the investment process of the Funds under its management.

Aware that this is a path that does not represent a financial product made alone, the Management Entity has committed to respect and support the 10 Principles of the United Nations Global Compact, seeking, through participation and sharing of experiences, to align its performance with the best international practices on human rights, labour practices, environmental protection and anti-corruption.

In this sense, the Management Entity has also begun to incorporate environmental, social and governance criteria (ESG factors) in the Funds' investment decision-making processes, together with the traditional financial factors, reinforcing its commitment to the promotion of sustainable development.

The integration of ESG factors into investment decision-making is an ongoing and progressive process, which is currently based on the following components:

- Exclusion (negative screening) of controversial sectors or companies that have most of their revenues dependent on specific businesses, namely Gambling, Controversial Weapons, Tobacco and Thermal Coal;

- Definition of limits and eligibility criteria for investments according to the ESG risk rating of the issuers or issuances, using external ESG Rating Risk providers;
- Analysis of controversies that identify companies involved in ESG incidents that could have a negative impact on stakeholders and the company's own operations. Establishment of limits based on external analysis.
- In the fund selection process, the adoption and implementation of ESG criteria and the integration of sustainability risks, in the funds' investment policies and in the governance of the management entities, is verified.

IMGA has also assumed the commitment to contribute to achieving the 17 Sustainable Development Goals defined in Agenda 2030 and intends in the short term to improve transparency and communication of these issues, with the integration of more economic, social and environmental performance indicators, the disclosure of actions taken, and the evaluation of impacts generated.

a) Integration of sustainability risks

In accordance with the Management Entity's Sustainability Policy, the FUND privileges issuers that adopt best practices in terms of Governance, Human Rights and the Environment, and has tools and procedures in place to integrate sustainability risks into its investment process.

ESG risk factors are integrated into the investment decision-making process through ESG Rating metrics, which identify and monitor this type of risk.

b) Promotion of environmental or social characteristics

The Fund adopts a commitment to enhance the promotion of environmental and social characteristics by increasing its level of investment in issuers or issuances that hold a minimum ESG rating, with the overall goal of an improvement in the Fund's ESG rating level.

ESG criteria in the investment decision-making process are incorporated along with traditional financial criteria.

In this regard, the Fund seeks the promotion of environmental and social characteristics within the meaning of Article 8 of the Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector.

As regards the use of the criteria for environmentally sustainable economic activities to determine the environmental sustainability of the investments made by the Fund, pursuant to Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment (Taxonomy Regulation), and as there is not yet sufficient issuer-specific data to calculate the appropriate degree of alignment of investments to the established criteria, the Fund does not yet use the technical assessment criteria stipulated by that Regulation. However, in the pursuit of promoting the environmental and social features implicit in the Fund's investment policy, the Management Company uses external ESG assessment sources to define limits and eligibility criteria for investments according to the ESG risk of the issuers and issuances.

c) Assessment of potential adverse impacts on sustainability

The Management Entity analyses and assesses potential adverse impacts in the investment decision-making process through the incorporation of ESG risk factors, and in the ongoing analysis and monitoring of the issuers or issuances that constitute the Fund's portfolio.

The process of analysis and measurement of potential impacts is an evolving process, dependent on the availability of information from third parties, and the Management Entity will make its best efforts for its adequate integration and assessment.

2. Derivative Financial Instruments, Repos, and Loans

- a) In accordance with its investment policy, the FUND may use derivative financial techniques and instruments, either for risk hedging purposes or to pursue any other objectives related to the

appropriate management of the FUND, namely for additional exposure, in accordance with the following paragraphs:

- i. Purchase and sale of futures and options on interest rates or exchange rates;
 - ii. Purchase and sale of foreign currency in forward operations;
 - iii. Interest rate swaps, or interest rate and foreign exchange swaps;
 - iv. Derivative financial instruments to hedge Credit Risks, namely 'Credit Default Swaps'.
- b) The FUND uses a commitment-based approach to calculate overall exposure.
- c) The overall exposure of the FUND to derivative financial instruments cannot exceed its net asset value.
- d) This calculation methodology corresponds to the sum of the absolute values of the following elements:
- i. Value of equivalent positions in the underlying assets for each derivative financial instrument for which there are no clearing and risk hedging mechanisms;
 - ii. Value of equivalent positions in the underlying assets in relation to financial derivative instruments, net after the application of the existing compensation and risk hedging mechanisms; and
 - iii. Value of equivalent positions in the underlying assets associated with management techniques and instruments, including repo and loan transactions.
 - iv. Derivative financial instruments to be used must be traded on the following markets:
 - Regulated derivatives markets from EU Member States;
 - SOF – Swiss Options and Futures Exchange, CMEG – Chicago Mercantile Exchange Group, and Chicago Board Options Exchange.
- e) Derivative financial instruments traded outside regulated markets and the multilateral trading facilities may also be used, provided that:
- i. the underlying assets are provided for in Decree-Law n. 27/2023 of April 28th as highly liquid assets or are financial indexes, interest rates, foreign exchange rates or currencies in which the FUND can invest in accordance with its instruments of incorporation;
 - ii. the counterparties to the transactions are authorised institutions subject to prudential supervision;
 - iii. the instruments are subject to reliable and verifiable daily valuation and can be sold, settled or closed at any given time at their fair value, at the FUND's initiative.
- f) The FUND's exposure to counterparty risk in a transaction involving derivative financial instruments outside a regulated market and multilateral trading facility cannot exceed:
- i. 10% of its net asset value when the counterparty is a credit institution headquartered in an EU Member State or in a third country, provided that, in the latter case, it is subject to prudential rules considered by the CMVM to be equivalent to those provided for in EU legislation;
 - ii. 5% of its net asset value, in all other cases.
- g) The management company does not intend to carry out loan and repo transactions on behalf of the FUND.
- h) If the FUND is unable to carry out its risk assessment based on the commitment-based approach, the management company may adopt a different approach, namely the VaR-based approach.

3. Assets' valuation

3.1. Moment of reference for valuation

- a) The value of the unit is calculated daily, on business days, and is determined by dividing the net asset value of the FUND by the number of units in circulation. The net asset value of the FUND is determined by deducting from the sum of the values that comprise it, the amount of fees and charges incurred up to the portfolio valuation time.
- b) The value of the units will be calculated at 5:00 p.m. in mainland Portugal, which is the reference time for the calculation.
- c) Assets denominated in foreign currencies will be valued daily using the indicative exchange rate published by Banco de Portugal and by the European Central Bank, except for unlisted currencies. In this case, the exchange rates disclosed at 12 p.m. (mainland Portugal time) by specialised entities that are not in a controlling or group relationship with the Management Company, pursuant to Articles 20 and 21 of the Portuguese Securities Code, shall apply.

3.2. Valuation rules and calculation of the unit value

- a) All transactions in securities and derivative financial instruments traded for the FUND and confirmed up to the reference moment are taken into account for unit valuation purposes on the transaction day. All subscriptions and redemptions received on any given day (referring to requests submitted on the previous business day) are taken into account for unit valuation purposes on that same day.
- b) Transferable securities and derivative financial instruments admitted to trading on regulated markets shall be valued based on the last price known at the reference moment; if there is no price for the day on which the valuation is carried out, or if the existing price cannot be used, the last known closing price shall be used, provided that it occurred within the 15 days preceding the day on which the valuation is carried out.
- c) If the financial instruments in question are traded on more than one market, the value that should be considered in their valuation reflects the price used in the market where they are usually traded by the management company.
- d) If the prices used in the regulated market are not regarded as representative, the prices resulting from the application of the criteria referred to in subparagraph f) shall be used, upon authorisation from the CMVM with respect to non-debt financial instruments.
- e) In the case of money market instruments, without embedded financial derivative instruments, which are less than 90 days from the maturity date, the management company may use the amortised cost model for valuation purposes, provided that:
 - i. The money market instruments in question have a low risk profile, including Credit and Interest Rate Risks;
 - ii. The money market instruments in question are likely to be held until maturity or, if that is not the case, it is possible to sell them and settle them at their value at any given time;
 - iii. The difference between the value resulting from the amortised cost method and the regulated market price does not exceed 0.5%.
- f) Transferable securities and derivative financial instruments traded on a regulated market that are not traded in the 15 days prior to their valuation shall be regarded as over-the-counter financial instruments for valuation purposes, and the provisions of the paragraph below shall apply.
- g) Securities and derivative financial instruments that aren't traded in regulated markets shall be valued considering all the relevant information about the issuer, the market conditions in force at the reference moment for valuation and taking into account the fair value of the instruments in question. For this purpose, the Management Company adopts the following criteria:
 - I. the average value of firm bids and asks; or
 - II. if this is impossible to obtain, the average value of bids and asks disseminated via specialised entities, if these operate under normal market conditions, namely in view of the transaction of the corresponding financial instruments; or,
 - III. if the conditions referred to in the above subparagraph are not met, the average value of bids disseminated via specialised entities; or
 - IV. if none of the above subparagraphs can be applied, the theoretical evaluation models deemed appropriate by the management company given the characteristics of the financial instruments, independent, used and recognised in the financial markets, making sure that the assumptions used in the valuation are in line with regulated market prices. The assessment can be carried out by a subcontracted entity.
- h) Only the following shall be eligible for the purposes of the above paragraph:
 - I. Firm bids from entities that are not in a controlling or group relationship, pursuant to Articles 20 and 21 of the Portuguese securities code, with the management company;
 - II. Averages that do not include values resulting from bids by the entities referred to in the above subparagraph and whose composition and weighting criteria are known.
- i) By way of derogation from the provisions of subparagraph b), units collective investment undertakings are valued at the last value disclosed to the market by the corresponding management company, provided that the disclosure does not occur later than 3 months from the reference date;
- j) Securities representing short-term debt shall be assessed based on the daily recognition of the interest inherent to the transaction pursuant to paragraph e) above.

4. Exercising voting rights

- a) As a policy, the management company will take part in the general meetings of the companies, based in Portugal or abroad, in which it has a qualified holding, considering all the funds under management. In all other cases, participation in meetings will depend on the relevance of the items on the agenda and the assessment of the acts in which it is called on to participate.
- b) Votes shall be cast according to the specific circumstances and the available information in order to best defend the interests of the Unit-holders.
- c) However, the management company takes as its rule that it shall not exercise its voting rights neither to support the inclusion or maintenance of statutory clauses aimed at preventing the transferability or limiting voting rights nor with the main purpose of strengthening the corporate influence of an entity with which it has a controlling or group relationship.
- d) Any position that deviates from the rule shall be duly substantiated in the minutes of a meeting held by the Board of Directors of the management company.
- e) With regard to the means of exercising its voting rights, the management company shall choose, as a rule, to exercise them directly, being represented by a director or by an employee duly accredited for this purpose; however, it will also be allowed to exercise them indirectly, through a third party that may be authorised to act as its representative, which, while being able to represent other entities, cannot represent entities that have a controlling or group relationship with the management company. If its voting rights are exercised by a representative, it shall be bound to vote according to the written instructions issued by the Board of Directors of the management company.
- f) If any of the duties related to the management of collective investment undertakings are subcontracted, voting rights shall be exercised in accordance with the above paragraphs.

5. Ongoing Charges

Charges Attributed to the FUND in 2022	Value (Eur)	%NAV (1)
Management Fee *	924,003	1.04%
Deposit Fee *	46,199	0.05%
Supervision Fee	12,648	0.01%
Audit Costs	4,920	0.01%
Stamp duty on the value of the UCI	43,919	0.05%
Other current charges	2,994	0.00%
Othe UCI charges	0	0.00%
Total	1,034,683	
Ongoing Charges (%NAV)		1.16%

(1) Average for the reference period

* The charges include stamp duty at legal rate on reference period.

The Ongoing Charges refers to the year that ended in December 2022. The value may vary from year to year. This value includes stamp duty on the management and deposit commission according to the current rate during the referred period. It excludes, namely:

- Performance fee;
- Transaction costs, except for subscription/redemption charges levied on the Fund when buying/selling units in another Fund.

6. Current Charges Table

Charges directly attributable to the FUND

Deposit Fee (*)	0.05%/year
Supervision Fee	0.012‰/month
Stamp duty on the value of the UCI	0.0125%/year
Other costs (***) : charges associated with the investment and disinvestment of the FUND, audit costs, taxes, interest and bank fees.	

* Stamp duty at the rate in force shall apply to the management and deposit fees.

** The management fee is partially intended to remunerate the services provided by the distributors, and the indicated amount is shared among the management company and each of the distributors, in accordance with the provisions of paragraph 7.1 of this chapter.

***The FUND may incur in other expenses and charges, properly documented, derive from the fulfilment of legal duties, other than those identified.

Charges directly attributable to the Unit-holder	
Entry Charges	0%
Exit Charges	0%

7. Fees and charges to be applied to the FUND

7.1. Management Fee

Without prejudice to other rights granted to it by law or by this Prospectus, the Management Company has the right to charge a management fee of 1.0% per year, which shall be charged on a monthly basis and in arrears, calculated daily on the net asset value of the FUND, before fees, to be applied to the FUND and intended to cover all management expenses. Stamp duty at the rate in force shall apply to the management fee.

Net asset value of the FUND before fees means the total of investments, plus interest receivable, plus other assets, minus loans, interest payable and provisions for charges and other liabilities.

The management fee is partially intended to remunerate the services provided by the Distributors and is shared among the Management Company and each of the distributors as follows:

- an amount equivalent to 65% of the FUND's management fee, in force at any given time, shall be used to remunerate the services provided by Banco Comercial Português (in force as of February 1st 2021);
- an amount equivalent to 45% of the FUND's management fee, in force at any given time, shall be used to remunerate the services provided by Banco BIC Português;

These amounts shall be charged monthly and in arrears, calculated daily on the net asset value of the FUND before fees, weighted by the volume of units distributed by each of the Distributors.

7.2. Deposit fee

Without prejudice to other rights granted to it by law or by this Prospectus, the Depositary has the right to charge the FUND, for its services, a fee of 0.05% per year, paid monthly and in arrears, calculated daily on the net asset value of the FUND, before fees. Stamp Duty at the rate in force shall apply to the Deposit Fee.

7.3. Other charges

In addition to the Management and Deposit Fees, the FUND will also bear all expenses arising from the purchase and sale of securities, acquisition, redemption or transfer of units of other CIUs, management fees charged by owned CIUs, bank accounts maintenance fees and other costs and bank fees including costs for issuing bank balance statements to the auditors.

The FUND may incur in other expenses and charges, as long as they are properly documented, derive from the fulfilment of legal duties, as for example the costs of issuing and renewing LEI codes or other legal and tax charges or expenses related to the use of derivatives.

The FUND shall also be charged a monthly Supervision Fee of 0.012 ‰ by the Portuguese Securities Market Commission, and the mark-up fee applied, and all mandatory audit costs.

The remuneration of the subcontracted entity will be paid by the Management Company and will not be charged to either the FUND or the Unitholders.

Should IMGA resort to investment studies (research) to manage the Fund, these shall be applied to the Management Company.

8. Income distribution policy

This being a capitalisation FUND, there will be no distribution of income resulting from the net profit of its investments.

Chapter III - Units and Conditions for Subscription, Transfer and Redemption

1. General Characteristics of the Units

1.1. Definition

The FUND's assets are represented by shares of the same content, without nominal value, known as units, that which guarantee their holders equal rights.

1.2. Form of representation

Units are registered and take on a book entry form. For transaction purposes, the units may be divided up to the fourth decimal place.

2. Unit Value

2.1. Initial value

When the FUND was established, the unit value for Unit Class A was EUR 5.

2.2. Value for subscription purposes

The unit value for subscription purposes is the unit value that will be determined at the end of the day on which the request is submitted, so it is made at an unknown price.

2.3. Value for redemption purposes

The unit value for redemption purposes is the unit value that will be determined at the end of the day on which the request is submitted, so it is made at an unknown price.

Whenever applicable, the corresponding Redemption Fee will be deducted from the value obtained.

3. Subscription and redemption conditions

3.1. Subscription and redemption periods

On a daily basis, subscriptions and redemptions of the FUND via any of the distribution channels managed by any of the following distributors in order to be processed on the corresponding day must be placed until:

Distributor	Hour Limit (Mainland Portugal Time)
Banco Comercial Português, S.A.	5 p.m.
Banco BIC Português, S.A.	4 p.m.

All requests received outside the aforementioned business hours shall be considered as submitted on the business day following that of the request.

3.2. Subscriptions and redemptions in kind or cash

Subscriptions and redemptions are always made in cash.

4. Subscription conditions

4.1. Minimum Subscription

Unit-holder status can be acquired through a single initial investment in the minimum amount of EUR 500, with no limits on subsequent subscriptions.

4.2. Entry Charges

No entry charges will be levied.

4.3. Effective subscription date

- The subscription amount will be debited from an account held with the distributor, on the first business day following that on which the subscription request is submitted.
- The unit will only be issued once the amount corresponding to the issue price is integrated into the FUND's assets.

5. Redemption conditions

5.1. Exit Charges

No exit charges will be levied.

5.2. Notice

The redemption request will be settled at the amount corresponding to the value calculated in the first valuation subsequent to the request and paid by crediting the unit-holders' account within 4 business days from the request date (this period already includes the account credit date for this type of transactions).

5.3. Transfer conditions

Not applicable

6. Suspending unit subscriptions and redemptions

The suspension of subscription and redemption is governed by the law, and in particular by the following provisions:

- a) Once the net assets held by the FUND and the indebtedness possibilities have been exhausted, under the provisions laid down by law and regulations, when unit redemption request exceed, for a period of no more than five days, 10% of the overall value of the FUND, the management company may order the suspension of all redemption transactions;
- b) Suspending redemption for the reason provided for in subparagraph (a) does not determine the simultaneous suspension of the subscription, which can only occur once the unit-holder states, in writing, that they have become aware of the redemption suspension;
- c) With the Depositary's consent, the management company may also suspend the subscription or redemption of units under other exceptional circumstances.
- d) The decision taken under the provisions of subparagraphs a) and c) is immediately communicated to the CMVM, indicating:
 - i. The exceptional circumstances in question;
 - ii. The extent to which the interest of the unit-holders justifies it; and
 - iii. The expected duration of the suspension and its grounds.
- e) Following a suspension under the above subparagraphs, the management company shall immediately release a notice to all the locations and means used for distribution and disclosing of the value of the units, indicating the reasons for the suspension and its duration;
- f) The CMVM may determine, within two days of receipt of the communication referred to in subparagraph d), the period applicable to the suspension, if it disagrees with the management company's decision.
- g) Without prejudice to the provisions of the following subparagraph, the suspension of subscription or redemptions shall not cover requests submitted by the end of the day before the decision was taken.
- h) The subscription or redemption of FUND units may also be suspended by decision of the CMVM, in the interest of the unit-holders or in the public interest, effective immediately and applicable to all the subscription and redemption requests that have not been fulfilled when the CMVM notifies the management company.
- i) The provisions of subparagraph e) shall apply, duly adapted, to the suspensions determined by the CMVM.

7. Admission to trading

The FUND's units are not expected to be admitted to trading.

Chapter IV - Rights and Obligations of the Unit-holders

- a) Without prejudice to other rights granted to them by law or by this Prospectus, unit-holders have the following rights:
 - i. Obtain free of charge, with sufficient notice in relation to the subscription, the document with the Key Investor Information (KIID), regardless of the FUND's distribution method;

- ii. To be provided, by the management company and the distributors, on a durable medium or through a website, and regardless of the FUND's distribution method, the Prospectus and the annual and half-yearly reports and accounts, which will be provided, free of charge, on paper, to unit-holders who request it;
 - iii. To subscribe and redeem units in accordance with the law and the FUND's instruments of incorporation;
 - iv. To redeem units without paying the corresponding fee until the applicable conditions come into force, in the event of an overall increase in the management and deposit fees applied to the FUND or of a significant change in the investment policy or the income distribution policy;
 - v. To register units in an individual account, after paying the subscription amount in full, within the deadline provided for in the undertaking for collective investment's instruments of incorporation;
 - vi. To receive the amount corresponding to the value of the redemption or the proceeds of the liquidation of the units;
 - vii. To be reimbursed by the management company for any losses suffered, without prejudice to the exercise of the right to compensation recognised under the general terms of law, whenever:
 - I. The following conditions are cumulatively met as a result of errors attributable to the management company occurred in the process of valuing and disclosing the value of the unit,
 - the difference between the amount that should have been calculated and the value that was actually used for subscription or redemptions is, in accumulated terms, equal to or higher than 0.5%;
 - the loss suffered, per unit-holder, exceeds 5 Euros.
 - II. there are errors in the allocation of subscription and redemptions to the FUND's assets, namely due to their untimely processing.
- b) Without prejudice to other obligations that may be conferred upon them by law, upon subscription, unit-holders mandate the management company to carry out the necessary acts for managing the FUND, accepting the conditions set out in the FUND's instruments of incorporation

Chapter V - The Liquidation Conditions of the FUND

- a) When the interests of the unit-holders recommend it, the management company may proceed with the liquidation and sharing of the FUND by notifying the CMVM and each unit-holder individually, and by disclosing that information to all the locations and means used for distribution purposes and in the CMVM's Information Disclosure System, indicating the estimated deadline for completing the process.
- b) A liquidation decision shall determine the immediate suspension of all FUND subscription and redemptions.
- c) The liquidation period shall be 5 business days, plus the time limit for the payment of the request for redemption.
- d) Unit-holders may not require the liquidation or sharing of the FUND.

Part II - Additional information applicable to open-ended UCI

Chapter I - Other information on the Management Company and Other Entities

1. Other Information on the Management Company

1.1. Governing Bodies

Board of the General Meeting

Chairman:	Javier de la Parte Rodriguez
Secretary:	João Rui Rodrigues Duarte Grilo

Board of Directors

Chairman: Iñigo Trincado Boville
Vice-chairman: Emanuel Guilherme Louro da Silva
Members: Mário Dúlio de Oliveira Negrão
Ana Rita Soares de Oliveira Gomes Viana
João Pedro Guimarães Gonçalves Pereira

Supervisory Board

Chairman: José Pinhão Rodrigues
Members: Isabel Maria Estima da Costa Lourenço
António Joaquim dos Santos Lindeza
Alternate Member: Afonso Miguel Pereira de Castro Chito Rodrigues

Main functions performed by the members of the Governing Body outside the Management Company**Iñigo Trincado Boville**

Corretaje e Información Monetaria y de Divisas, S.A. (CIMD, S.A.) – Chairman of the Board of Directors
Corretaje e Información Monetaria y de Divisas, S.V., S.A. (CIMD, S.V., S.A.) – Director (non-executive)
Intermoney Titulización, SGFT, S.A. – Director (non-executive)

Emanuel Guilherme Louro da Silva

Intermoney Valores, S.V., S.A. – Vice-chairman of the Board of Directors (non-executive)

Mário Dúlio de Oliveira Negrão

Nexponor SICAFI – Member of the Board of Directors (non-executive)

Ana Rita Soares de Oliveira Gomes Viana

Does not perform other functions

João Pedro Guimarães Gonçalves Pereira

Managing Partner at Attributequation, Lda

1.2. Group Relations with other entities

There are no group relations with the other entities that provide services to the FUND.

1.3. Other funds managed by the Management Company

In addition to the FUND to which this instrument of incorporation refers, the management company also manages other funds listed in the Annex to this Prospectus.

1.4. Contacts for request of information regarding the FUND

Telephone: +351 211 209 100
E-mail: imgainfo@imga.pt / imga_apoioclientes@imga.pt
E-mail: imgainfo@imga.pt
imga_apoioclientes@imga.pt
Internet: www.imga.pt

2. External Investment Advisors

The management company does not use the services of external investment advisors for the management of the FUND.

3. FUND Auditor

The FUND 's accounts are closed on December 31st each year and are legally certified by Mazars & Associados, S.R.O.C., S.A., headquartered at Rua Tomás da Fonseca, torre G – 5^o, 1600-209 Lisboa, Telephone +351 217 210 180.

4. FUND Supervisory Authority

The FUND is under the supervision of CMVM – Comissão do Mercado de Valores Mobiliários, Telephone +351 213 177 000.

5. Remuneration Policy

1. The Company has a solid corporate governance, whereby various its internal structures have an active role in the preparation of the various remuneration policies and practices, in accordance with numbers 4, 5 and 6 below;
2. In addition, the Company has systems in place to adjust the variable remuneration, in view of possible changes in risk, so that IMGA's risk profile cannot be materially changed;
3. Remuneration policies and practices do not endanger the sustainability of the Company and the CIMD Group;
4. The general principles of the Remuneration Policy are reviewed by the Supervisory Board. After hearing the Remuneration Committee, the Supervisory Board submits a proposal to the General Assembly regarding the general principles of the Remuneration Policy. The implementation and monitoring of the general principles of the Remuneration Policy is also the responsibility of the Supervisory Board;
5. The general principles of the Remuneration Policy to be applied to the Recipients is approved by the General Assembly;
6. IMGA's Remuneration Policy obeys the principles of market adequacy, solidarity, correct management of conflicts of interest, proportionality, prohibition of the use of hedging mechanisms, as well as the observation of sustainability/ESG risks.

Details of the updated remuneration policy are available on the website www.imga.pt, and a paper copy will be provided free of charge to investors who request it.

Chapter II – Disclosing Information

1. Unit Value

The management company discloses the daily value of the units at its facilities, to anyone who may request it, and also at the branches and via websites and telephone banking services of the distributors.

The value of the FUND's unit will also be published daily in the CMVM's Information Disclosure System (www.cmvm.pt).

This information will always be disclosed on the business day following the reference day used for calculating the unit value.

2. Portfolio Details

In accordance with the rules issued by the Portuguese Securities Market Commission, the detailed portfolio composition of the FUND, its net asset value and the number of units in circulation will be published quarterly through the CMVM's Information Disclosure System (www.cmvm.pt) by the management company.

3. Documentation

All documentation regarding the FUND may be requested from the distributors.

Every year, the management company will publish a notice in the CMVM's Information Disclosure System (www.cmvm.pt), stating that the FUND's Annual and Semi-Annual Reports are publicly available to unit-holder and that they may be sent free of charge to any unit-holder who so requests.

4. Reports and Accounts

The FUND will close its accounts on December 31st of each year, and within four months from that date, a notice will be published on CMVM's Information Disclosure System (www.cmvm.pt) informing that the documents included in the FUND's Report and Accounts are available to the public at all distribution locations.

Half-yearly accounts will be closed on June 30th of each year, and within two months from that date, a notice will be published on CMVM's Information Disclosure System (www.cmvm.pt) informing that the documents included in the FUND'S Report and Accounts are available to the public at all distribution locations.

The FUND'S accounts and related documents are prepared in accordance with generally accepted and applied international accounting standards and all applicable regulations issued by the Portuguese Securities Market Commission.

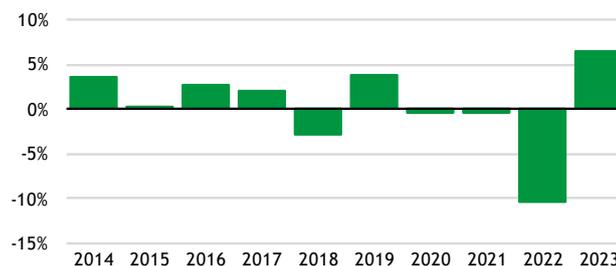

Chapter III - FUND'S Historical Performance

Unit value performance (Last 10 calendar years)

Historical Profitability and Risk (Last 10 calendar years)

	Profitability	Risk (level)
2014	3,54%	2
2015	0,21%	2
2016	2,61%	3
2017	2,12%	2
2018	-2,79%	2
2019	3,84%	2
2020	-0,36%	4
2021	-0,32%	2
2022	-10,44%	3
2023	6,42%	3

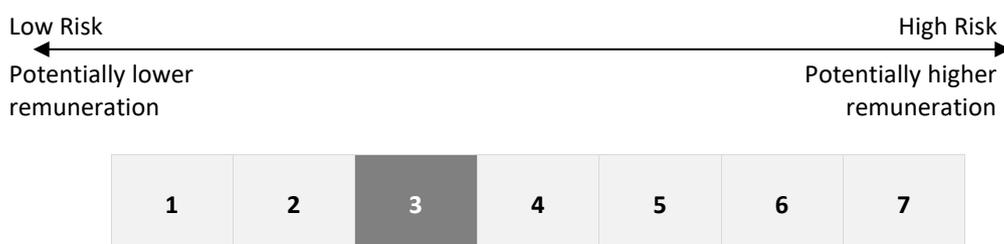

The profitabilities disclosed herein represent past data and are not a guarantee of future profitability.

The risk levels disclosed herein represent past data and may increase or decrease in the future according to a rating scale that ranges between 1 (minimum risk) and 7 (maximum risk).

The disclosed values:

- do not take into account any Subscription or Redemption Fees that may be due;
- are deducted from taxes applied to the fund until 30/06/2015;
- do not take into account any taxes that may be due by unit-holders with regard to income earned between 01/07/2015 and the time of redemption.

Synthetic Risk and Remuneration Indicator

Historical data used for the calculation may not be a reliable indication of the future risk profile of the FUND.

The indicator value is distinct from the risk indicator value presented in the key information documents as a result of the use of different calculation methodologies, under the terms of the applicable legislation.

The risk category shown above is not guaranteed to remain unchanged and may vary over time. The lowest risk category does not mean that the investment is risk-free.

The FUND's rating reflects the fact that it is mostly invested in floating and fixed rate bonds and, as such, is inherently exposed to Interest Rate and Credit Risk.

Chapter IV - Profile of the FUND's Intended Investor

The FUND is aimed at risk-tolerant investors, so it is suitable for medium-term investments aiming to achieve a return on investment potentially higher than that of investments in money market financial products.

The recommended minimum term is 18 months, during which the FUND's profitability may change.

Chapter V - Tax Regime

1. FUND-Related Taxation

- **Corporate Income Tax ('IRC')**

The FUND is taxed at the general rate of Corporate Income Tax (21% in 2015) on its taxable profit, which corresponds to the net income for the year, net of income (and expenses) from capital, property and capital gains obtained, as well as of income, including discounts, and expenses related to management fees and other fees it charges.

Capital gains on assets acquired before July 1st 2015 are taxed under the regime in force until June 30th 2015, considering, for this purpose, the regulated market price of June 30th 2015.

The FUND is also subject to the autonomous corporate income tax rates in force but is exempt from any state or municipal surcharges.

Additionally, it is possible to deduct tax losses from taxable profits, if any, from one or more of the following 5 tax periods. The deduction made in each tax period cannot exceed 70% of the corresponding taxable profit.

- **Stamp Duty**

Stamp Duty on the FUND's overall net assets is due quarterly at the rate of 0.0125%.

2. Taxation of Unit-holders

Regarding the taxation of unit-holders, the applicable tax regime is based on an 'outgoing taxation' logic. Taxation, under the new regime, applies only to the portion of income generated from July 1st 2015 onwards. Thus, the value determined upon the redemption or onerous transfer of the Unit corresponds to the difference between the sale/redemption value and the unit acquisition/subscription value, except for units acquired/subscribed before July 1st 2015, in which case the value determined upon the redemption or onerous transfer of the unit corresponds to the difference between the realisable value and the unit value that reflects market prices at June 30th 2015 or the acquisition/subscription value, if it was higher.

2.1. Natural persons

- **Residents**

- **Income obtained outside the scope of a commercial, industrial or agricultural activity**

- Income distributed by the FUND and income from the redemption of units which represent capital gains are subject to a 28 % withholding tax, and the unit-holder may choose to include it.

- Income from the onerous transfer of units is subject to a 28% autonomous tax on the positive difference between capital gains and capital losses for the tax period, and the unit-holder may choose to aggregate it.

- **Income obtained within the scope of a commercial, industrial or agricultural activity**

- Income distributed by the FUND is subject to a 28 % withholding tax, collected as payment on account of the final amount of tax payable.

- Income from the redemption or onerous transfer of units contributes to taxable profit, subject to the general rules of the Corporate Income Tax (IRC) Code and the Personal Income Tax (IRS) Code.

- **Non-residents**

- Any income obtained is exempt from Corporate Income Tax (IRS).

- When the holders are natural persons resident in a country, territory or region subject to a tax regime that is clearly more favourable, included in the list approved by a decree order of the member of the Government responsible for the area of finance, any income distributed or arising from the redemption of units is subject to a final 35% withholding tax.

- When income is paid or made available in accounts opened in the name of one or more holders but on behalf of unidentified third parties, and unless the beneficial owner is identified, said income is subject to a final 35% withholding tax.

- Income arising from the onerous transfer of units is subject to a 28% autonomous tax.

2.2. Legal persons

- **Residents**

- Income distributed by the FUND is subject to a 25% withholding tax rate, collected as payment on account.

- On the other hand, income from the redemption or onerous transfer of units contributes to taxable profit, pursuant to the Corporate Income Tax (IRC) Code.

- Income obtained by legal persons exempt from IRC is exempt from IRC, except when earned by legal persons that benefit from partial exemption and that refer to capital income, in which case the income that is distributed is subject to a final 25% withholding tax.

- **Non-Residents**

- Income from units is exempt from Corporate Income Tax (IRC).

- When the holders are legal persons resident in a country, territory or region subject to a tax regime that is clearly more favourable, included in the list approved by an order of the member of the Government responsible for the area of finance, any income distributed or arising from the redemption of units is subject to a final 35% withholding tax.

- When income is paid or made available in accounts opened in the name of one or more holders but on behalf of unidentified third parties, and unless the beneficial owner is identified, said income is

subject to a final 35% withholding tax.

Income arising from the onerous transfer of units is subject to a 25% autonomous tax.

In the case of non-resident legal persons that are held, directly or indirectly, in more than 25% by entities or natural persons resident in Portuguese territory, except when that entity is resident in another EU Member State, in a member state of the European Economic Area which is bound to administrative cooperation in the field of taxation equivalent to that established within the EU, or in a State with which an agreement to avoid double taxation providing for the exchange of information has been concluded and is in force, income arising from units is subject to a 25% withholding tax.

Disclaimer: The description of the tax regime provided above, applicable to the FUND and its unit-holders, does not replace the necessary knowledge and reading of legislation in force on the matter nor does it constitute a guarantee that such information will remain unchanged.

Annex 1 - Funds Managed by the Management Company on December 31st 2023

Investment Fund	Type	Investment Policy	AUMs	Nº Unitholders	
CA Monetário			59 658 915	3 553	
IMGA Money Market	(UC A)	Invests in money market instruments and bank deposits.	672 884 880	15 307

Annex 2 - Pre-contractual disclosure for financial products referred to in Article 8(1), (2) and (2a) of Regulation (EU) 2019/2088 and the first paragraph of Article 6 of Regulation (EU) 2020/852

Name of the Product: **IMGA Rendimento Mais**
 Legal Entity Identifier (LEI Code): **5493002JMN8YUHQWCE58**
 Fund Code (CMVM): **745**

“Sustainable Investment” means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective, and that the investee companies respect good governance practices.

The **EU Taxonomy** is a classification system provided for in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the taxonomy or not.

Environmental and/or social characteristics

Does this financial product have a sustainable investment objective?

Yes **x No**

<p><input type="checkbox"/> It will dedicate at a minimum of sustainable investments with an environmental objective: ___%</p> <p><input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU taxonomy</p> <p><input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy</p> <p><input type="checkbox"/> Will make a minimum of sustainable investments with a social objective: ___%</p>	<p><input checked="" type="checkbox"/> It promotes environmental/social (E/S) characteristics and, while it does not have as its objective a sustainable investment, will dedicate a minimum proportion of 1% to sustainable investments</p> <p><input type="checkbox"/> with an environmental objective in economic activities qualified as environmentally sustainable under the EU taxonomy</p> <p><input checked="" type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy</p> <p><input checked="" type="checkbox"/> with a social objective</p> <p><input type="checkbox"/> Promotes E/S characteristics, but will not make any sustainable investments</p>

What environmental and/or social characteristics are promoted by this financial product?
 IMGA, in managing the fund, takes into account financial and sustainability criteria in order to integrate environmental, social and good governance criteria in its investments. To this end, it pays special attention to the following ESG (Environmental, Social and Governance) characteristics:

i. Environmental sustainability: It looks for characteristics that promote mitigation and adaptation to climate change, by analyzing its investments in terms of management, pollution prevention and control, efficiency in the use of raw materials, namely water and scarce resources, protection and restoration of biodiversity and ecosystems, and through the way each issuer manages its impact on the ecosystem and wildlife.

ii. Under social sustainability: Factors such as respect for human rights are taken into account, with a focus on measures taken to protect civil and political rights, as well as economic, social and cultural rights, including child and forced labor, and management of human capital and labor relations, which includes managing risks related to shortages of skilled labor through retention and recruitment programs and training programs. It also includes issues such as managing trade union freedom and nondiscrimination, as well as working hours and minimum wages. Issues related to occupational health and safety are also considered, including how issuers manage the risks of occupational accidents, business ethics, such as compliance with anti-competitive practices, intellectual property protection, accounting and tax practices. It also includes the management of risks related to corruption.

iii. In terms of governance: Promotion of good practices in terms of composition and structure and operation of the management body, including independence of members and effectiveness of the supervisory body, experience and leadership of the management body with demonstrated ability in terms of representation and accountability to shareholders, remuneration structure, transparency of corporate information and existence of an appropriate and transparent structure for the management of ESG issues.

The Fund is committed to further promoting environmental and social characteristics by increasing its level of investment in issuers or issuances that hold a minimum ESG rating, with the overall objective of an improvement in the Fund's ESG rating level.

ESG criteria in the investment decision-making process are incorporated together with traditional financial criteria.

● ***What sustainability indicators are used to measure the achievement of each of the environmental or social characteristics promoted by this financial product?***

Incorporating ESG criteria into investment decisions involves two major components in the investment process:

- Exclusion (negative screening) of controversial sectors or companies that have most of their revenues dependent on specific businesses, namely Gaming, Controversial Weapons, Tobacco and Thermal Coal;
- Positive reweighting of issuers identified with low material environmental, governance and sustainability (ESG) exposure risks.

The Fund seeks to achieve a minimum percentage in issuers that meet the defined ESG criteria and ESG rating, and these are sourced through independent external providers who are leaders in ESG research, rating and analysis and who support investors in developing and implementing responsible investment strategies.

The rating reflects the ESG risk not managed by the issuers, based on indicators considered material for each sector of activity, of the intrinsic characteristics of the issuer itself and of its framework in ESG terms within the sector in which it operates. In assigning an ESG rating, the governance component is a fundamental element, and is seen as one of the major material risks, transversal to all activity sectors. Incorrect or inappropriate governance practices may significantly impair the issuers' ability to execute their business strategy, including ESG strategy.

● ***What are the objectives of the sustainable investment that the financial product partially intends to make and how does sustainable investment contribute to those objectives?***

The Fund is committed to further promoting environmental and social characteristics by increasing its level of investment in issuers or issuances that hold a minimum ESG rating, with the overall objective of an improvement in the Fund's ESG rating level.

The Fund will allocate a minimum of 1% in sustainable investments with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU taxonomy, and also in socially sustainable investments.

Sustainability indicators measure how the environmental or social features promoted by the financial product are achieved.

The weighting of the various dimensions of sustainability is determined by the sector of activity in which each issuer operates, giving greater weight to the sectors most relevant to each of the industries.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

How come the sustainable investments that the financial product aims to achieve in part do not significantly undermine any environmentally or socially sustainable investment objective?

The Fund monitors a set of indicators, through information from ESG research providers, which, in their evaluation methodologies, incorporate the objectives defined in terms of both environmental and social sustainability, and issuers identified with low material environmental, social or governance exposure risks, which would not receive a favorable rating if any of these objectives were significantly impaired, are positively reweighted in their investment decisions. Exclusion criteria are also used, analyzing the controversies to which the issuers are exposed and the compliance with global sustainability guidelines and principles, namely in terms of human rights, labor practices, environmental protection and anti-corruption. To this extent the fund aims to make investments in issuers considered sustainable and that meet the technical criteria to avoid significant damage in environmental or social terms.

In addition, the Company uses exclusion criteria, analysis of controversies, as well as positively reweight in their investment decisions the issuers identified with low material risks of environmental, social or governance exposure.

How have indicators for adverse impacts of sustainability factors been taken into account?

Negative impact indicators are monitored in the investment analysis, and this analysis is already incorporated in the ESG ratings of external providers, for each industry in which the issuer companies operate and for factors intrinsic to the issuer itself. The rating attribution model, in its quantitative component, considers several negative impact indicators to identify the most relevant ESG criteria for each industry, such as category 1, 2 and 3 greenhouse gas emissions, water consumption, etc. The materiality of these indicators in each industry is determined based on research, including information obtained through the Sustainability Accounting Standards Board (SASB) and the United Nations Principles for Responsible Investment (PRI).

As mentioned above, the mitigation of possible adverse impacts is also done through the application of exclusion criteria as well as the evaluation and follow-up of possible controversies of the companies analyzed.

How are sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Detail:

Only investments in issuers that do not have non-compliance with any of the OECD Guidelines for Multinational Enterprises or the UN Guiding Principles on Business and Human Rights are considered sustainable.

IM Gestão de Ativos is, since February 2021, a participant in the United Nations Global Compact, committing to align its strategy in order to adopt and promote in its culture and daily activity the 10 Principles of the UN Global Compact on human rights, labor practices, environmental protection and anti-corruption, whereby only investments in issuers in which situations of non-compliance with any of these principles have not been identified are considered sustainable.

Does this financial product consider the main negative impacts on sustainability factors?

- Yes, the Fund takes into account the main negative impacts on sustainability factors, integrating several environmental and social indicators in the rating methodology. The information on sustainability indicators is included in the integral annex in the Fund's periodic information (Annual Report and Accounts), which will be disclosed pursuant to Article 11(2) of the SFDR Regulation (Regulation (EU) 2019/2088).
- No

What investment strategy does this financial product follow?

The Fund, in its investment strategy, takes into consideration environmental, social and governance criteria, which allows it to identify sustainability risks that, should they occur, could have an impact on the value of the investment.

The Fund is committed to further promoting environmental and social characteristics by increasing its level of investment in issuers or issuances that hold a minimum ESG rating, with the overall objective of an improvement in the Fund's ESG rating level, a positive controversial engagement rating and no non-compliance with the UN Global Compact Principles, the OECD Guidelines for Multinational Enterprises or the UN Guiding Principles on Business and Human Rights.

- Incorporating ESG criteria into investment decisions involves two major components in the investment process:
- Exclusion (negative screening) of controversial sectors or companies that obtain most of their revenues dependent on specific businesses, namely Gambling, Personal Weapons and Tobacco;
- Positive reweighting of issuers identified with low material environmental, governance and sustainability (ESG) exposure risks.

The ESG criteria in the investment decision-making process are incorporated together with traditional financial criteria.

- ***What are the mandatory elements of the investment strategy used to select the investments to be made to achieve each of the environmental or social features promoted by this financial product?***

The mandatory elements used to select the investments to be made with the objective of promoting environmental and/or social and governance features are those described above, namely:

Exclusion criteria: Where issuers that derive most of their revenues from the activities referred to in the previous point are excluded from the investment universe;

Qualification with the minimum ESG rating (only applicable to private issuers) and non-involvement in controversies considered to be of significant risk, namely related to situations of non-compliance with the Principles and Guidelines described above.

Notwithstanding, Issuances from issuers not qualified as sustainable or without ESG rating notation attributed may also be considered as investments that comply with the environmental and/or social characteristics promoted by the Fund as long as these issues are classified as green, social or sustainable (sustainable, green and social bonds). As per investments in Collective Investment Undertakings (CIUs), these have to be set up under Articles 8 or 9 of the SFDR Regulation (Regulation (EU) 2019/2088), and the quota-share of the shareholding held in such undertakings that qualifies as sustainable is considered sustainable.

Investment strategy guides investment decisions based on factors such as investment objectives and risk tolerance.

● **What is the commitment minimum rate to reduce the scope of investments considered prior to the application of this investment strategy?**

There is no commitment to a minimum rate of reduction of the investments considered prior to the application of the investment strategy.

● **What is the policy to assess the good governance practices of the investee companies?**

In assigning an ESG rating, the Governance component is a key element, being seen as one of the most material risks, transversal to all activity sectors. Incorrect or inappropriate governance practices may significantly impair the issuers' ability to execute their business strategy, including ESG strategy. Therefore, the following factors are taken into account:

Good governance practices include sound management structures, employee relations, remuneration of staff and tax compliance.

- Fostering good practices in terms of composition and structure and operation of the management body, including independence of members and effectiveness of the supervisory body, experience and leadership capacity of the management body with demonstrated ability regarding representation and accountability to shareholders;
- Remuneration structure;
- Transparency of corporate information;
- Existence of an appropriate and transparent structure for managing ESG issues.

● **What asset allocation is planned for this financial product?**

The Fund will invest a minimum of 10% in issuers that, in the opinion of the management company, promote environmental and/or social characteristics.

Thus, a minimum of 10% of the Fund's total investments will be investments aligned with environmental and/or social features, as such falling under category #1, with the remaining proportion falling under category #2 "Other". A minimum of 1% will be considered as "sustainable", according to category #1A, but there is no minimum initial commitment that they be made in activities that contribute to an environmental (according to EU taxonomy) or social objective.

The activities aligned by taxonomy are expressed as a percentage of the following:

- **Business turnover**, reflecting the share of revenues from green activities of the investee companies;
- **Capital expenditures (CapEx)**, showing the green investments made by the investee companies, e.g., with a view to transitioning to a green economy;
- **Operating expenses (OpEx)**, reflecting the green operating activities of the investee companies.

#1 Aligned with E/S characteristics includes the investments of the financial product's used to attain the environmental or social characteristics promoted by the financial product.
#2 Other includes the remaining investments of the financial product, which are neither aligned with environmental or social characteristics nor qualifying as sustainable investments.

Category **#1 Aligned with E/S characteristics** comprises:

- The subcategory **#1A Sustainable** covers sustainable investments with environmental or social objectives.
- The subcategory **#1B Other A/S characteristics** covers investments aligned with environmental or social characteristics that do not qualify as sustainable investments.

● **How does the use of derivatives contribute to achieving the environmental or social characteristics promoted by the financial product?**

Transactions with financial derivative instruments do not alter the environmental or social characteristics promoted by the Fund.

To what minimum extent, are sustainable investments with an environmental objective aligned with the EU Taxonomy?

The Fund has not set a minimum for sustainable investments with an environmental objective aligned with the EU Taxonomy

Does the financial product invest in fossil gas and/or nuclear energy related activities that comply with the EU taxonomy¹?

Yes

Fossil gas

Nuclear Energy

No

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emission and the switching to renewables power or low-carbon fuels by the end of 2023. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

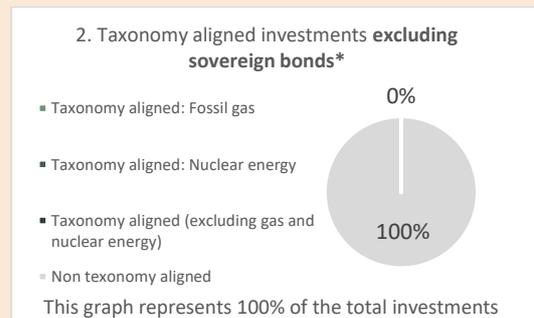

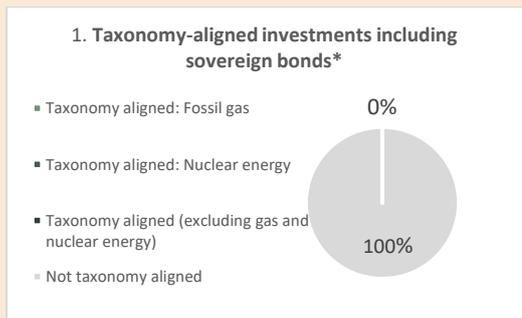

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transition activities are activities for which no low-carbon alternatives are not yet available and which, among others, have greenhouse gas emission levels corresponding to the best performance.

Are sustainable investments with an environmental objective that do not take into account the criteria for environmentally sustainable economic activities under the EU Taxonomy.

The two charts below show, in green, the minimum percentage of investments that are aligned with the EU Taxonomy. As there is no suitable methodology to determine Taxonomy alignment for sovereign bonds, the first chart shows alignment with the taxonomy in relation to all investments of the financial product, including sovereign bonds, while the second shows Taxonomy alignment only in relation to investments of the financial product other than sovereign bonds.*

* For the purposes of these graphs, "sovereign bonds" shall mean all sovereign exposures

What is the minimum percentage of investments in transition and enabling activities?

The Fund has not established a minimum percentage of investments in transition and enabling activities

What is the minimum share of sustainable investments with an environmental objective that are not aligned with the EU taxonomy?

The Fund has not established a minimum percentage of sustainable investments with an environmental objective that are not aligned with the EU taxonomy.

What is the minimum percentage of socially sustainable investments?

The Fund has not established a minimum percentage of socially sustainable investments.

¹ Fossil gas and/or nuclear related activities will only comply with the EU taxonomy if they contribute to limiting climate change ("climate change mitigation") and do not significantly undermine any objective of the EU taxonomy - see explanatory note in the left margin. All criteria for economic activities in the fields of fossil gas and nuclear energy that comply with the EU taxonomy are defined in Commission Delegated Regulation (EU) 2022/1214.

**What investments are included in the "#2 Other" category, what is their purpose, and have minimum environmental or social safeguards been applied?**

The investments in category "#2 Others" include deposits in financial institutions without ESG rating assigned or without available data that would allow their qualification as aligned with A/S characteristics, shares and/or bonds of issuers in the same conditions and the share of the investment in CIUs that do not meet this qualification, maintaining the limits established in the investment policy, but seeking, whenever possible, that they integrate sustainability risks and assessing the principal adverse impacts.

The purpose of these investments is to diversify the asset portfolio given the need for information on ESG matters that is not yet available for a very significant part of the issuers in the investment universe in which the Fund is included, seeking to make this component less and less representative as this information becomes available to the market.

**Is a specific index been designated as a reference to determine whether this financial product is aligned with the environmental and/or social characteristics that it promotes?**

No specific index has been designated as a benchmark to determine whether the Fund is aligned with the environmental and/or social characteristics it promotes.

- **How is the ongoing alignment of the benchmark index with each of the environmental or social characteristics promoted by the financial product ensured?**
N/A
- **How is ongoing alignment of the investment strategy with the index methodology ensured?**
N/A
- **How does the designated benchmark differ from a general relevant market index?**
N/A
- **Where can the methodology used to calculate the designated index be found?**
N/A

**Where can I find more product specific information online?**

You can obtain more specific information about the product on the website:

Specific information about this Fund can be found at www.imga.pt
