**WHAT IS THIS PRODUCT?**

**Type:** Open-Ended Money Market Fund

**Term:** Indeterminate duration

**Reference currency:** Euro

**Objectives:**

The Fund is a standard variable net asset value money market Fund and will seek to provide unitholders with an investment with low volatility and a stable level of potential profitability, above money market interest rates and the alternatives offered by traditional banking investments.

**Investment policy:** The Fund will invest in money market Instruments and bank deposits all denominated in Euros, investment units denominated in Euros in money market UCITS, which invest exclusively in assets denominated in Euros or which systematically hedge foreign exchange risk.

Derivative financial instruments may be used provided that they only serve the purpose of hedging interest rate risk and foreign exchange risk, and that the underlying instrument is interest rates, exchange rates, currencies or indices that represent these categories.

The Fund does not seek preferential exposure to any specific country or activity sector.

The Fund's investment strategy is based on active management and does not take any benchmarks into account. The assets are selected essentially on the basis of their return potential in relation to the quality of the issuers and the macroeconomic context in which they operate, favoring companies that adopt best practices in terms of Government, Human Rights and the Environment in the universe of issuers, and refraining from investing in entities whose majority of revenues come from activities in controversial sectors, namely gambling, controversial weapons, tobacco and thermal coal.

**Benchmark:** The Fund is not referenced to any money or capital market index.

**Dealing frequency:** The unit value of the Fund is calculated and published on a daily basis. Unitholders may subscribe or redeem units on any business day in accordance with the Portuguese banking calendar. The unit value for subscription or redemptions is the unit value that will be determined at the end of the day on which the request is submitted, so it is made at an unknown price. The minimum subscription amount is 250€.

Redemption notice period: 1 business day.

**Distribution policy:** Because it is a capitalisation Fund, the income generated by the Fund's portfolio is reinvested in the Fund.

**Depository:** Banco Comercial Português, S.A., headquartered at Praça D. João I, 28, 4049-060 Porto, Tel.: +351 220 040 000
